Mache Microgreen Pot - MIC29R

Also known as Corn Salad, these attractive little leaf rosettes add the perfect decorative touch to any meal. With a similar composition to spinach, they are also a nutritious salad base or side.

Flavour: These delicate young leaves have a sweet nutty flavour with a satisfying crispness.

Uses: Works beautifully in a mixture of salad greens. Can be used as flavouring for savoury dishes. Also great as a crisp clean accompaniment to soft cheeses and fruits.

Appearance: Flat, bright-green, oval-shaped velvety leaves in rosette-like groups on pale stems.

Storage: To maintain freshness, store between 1-7 degrees C. Microgreen Mache should be consumed within 10 days of packing. Rinse lightly under cold clean water before use.

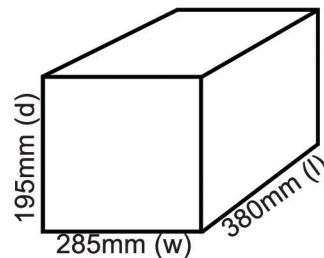

Health Benefits: Microgreen Mache contains fibre, protein, folic acid, iron, potassium, calcium and vitamin C.

Product Sizes: Open Pots (12x pots available wholesale)

Availability: Flowerdale Farm's Microgreen Mache is cultivated in hydroponic conditions and is available year round.
